

INTEGRITY™

WHEN PERFORMANCE MATTERS

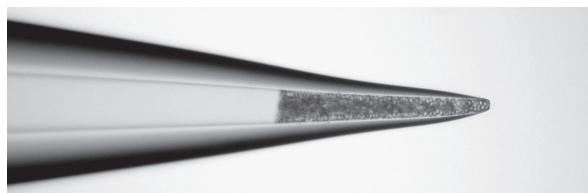

FEATURES

- Proven PicoFrit® Technology: integrates class-leading SilicaTip™ with an integral frit
- Zero Post-Column Volume: provides optimal chromatographic performance
- Unmatched Spray Stability: stable spray delivered with low back pressure
- Robust: suitable for packing from low to ultra-high pressure
- Flexible: choice of tip size for diverse operating conditions
- Versatile: compatible with media ranging from 1.5 microns to 10 microns
- Accessible: entry price point for Integrity product line

SPECIFICATIONS

Part Number	Description
PF360-75-10-N-5	360 µm OD, 75 µm ID, 10 µm tip, uncoated, box of 5, 50 cm length
PF360-75-15-N-5	360 µm OD, 75 µm ID, 15 µm tip, uncoated, box of 5, 50 cm length
PF360-50-10-N-5	360 µm OD, 50 µm ID, 10 µm tip, uncoated, box of 5, 50 cm length
PF360-75-10-N-5-C100	360 µm OD, 75 µm ID, 10 µm tip, uncoated, box of 5, 100 cm length
